Subject: Microsoft Settlement

To Whom it May Concern:

I writing in regards to the proposed Microsoft Settlement. I have serious reservations regarding the proposed settlement. It appears to be full of holes that any moderately inventive group of lawyers could use to render the document nearly useless. I agree with all the points raised in the fine document at <http://www.kegel.com/remedy/letter.html>, and would respectfully request that the proposed settlement be refined to include the modifications included therein.

As a computer professional, I ask that you to take the time and care necessary in understanding such a complex industry, and realize that Microsoft, being guilty of monopolistic practices, should be punished in a way that is meaningful and lasting.

Thank you for your time and effort.
